In order to provide more care options for our patients, providers may be included in this directory who are not employed by Carle Health. Those providers have volunteered to be a resource for our community and are not controlled, screened or reviewed by Carle Health. Providers may request to be added to this directory by contacting [Carle.Experience@carle.com](mailto:Carle.Experience@carle.com).

# Primary Care, Preventive Health and Special Health Concerns

## Primary Care:

*General Primary Care, Preventive Health Screenings, PrEP (Pre-Exposure Prophylaxis for HIV), Basic Dermatology and Acne Care*

Carle Health offers you access to primary care providers throughout central Illinois. We hold them to a high standard for caring for you in a gender-inclusive, respectful way. Please visit [carle.org/find-a-doctor](https://carle.org/find-a-doctor) to find a primary care provider near you.

The primary care providers listed below offer some gender-affirming services in addition to general primary care.

# Surgical Services and Recovery

Before authorizing a gender-affirming surgery, insurance companies usually require letters of support from a hormone prescriber and one or two mental health providers. The large regional centers in Chicago, St. Louis and Iowa City may also ask for these letters before scheduling a surgery consultation.

# General Information for Patients and Families

## Standards of Care for Providers Listed in this Directory

Providers listed in this directory have pledged to follow the Carle Health Transgender Standards of Care, which means, in part, that they recognize and respect self-identities. They also agree to take on extra training for LGBTQ+ friendly care. We're committed to providing affirming care. Please feel comfortable reminding us of your name and pronouns if we don't get it right. It's our desire – and duty – to get it right.

## Preventive Health Screenings for Gender-Diverse Patients

If you have a particular body part or organ, and otherwise meet criteria, the usual preventive health screenings should be done for it. For example, trans men with a cervix should receive Pap smears starting at age 21. Trans women should discuss prostate screening with their provider starting at age 55. You can trust the providers in this directory to conduct screenings with the sensitivity you deserve.

## Care Outside of the Traditional Environment at Carle Health

The **Carle Health Mobile Health Clinic** brings affordable, non-urgent primary care services to neighborhoods in Champaign, McLean and Vermilion counties, including chronic condition management and education, treatment of acute illness, wellness care, and lab testing. Check out [carle.org/MobileHealthClinic](http://carle.org/MobileHealthClinic) or call (217) 365-7928 for times and locations near you.

Carle Health and many other providers in this directory also offer **virtual visits** for some types of care, which allow you to see and hear your Carle Health provider from anywhere (for example, by computer or phone). Check with your provider to see if virtual visits may be an option for you.

## Updating Gender and Name Preferences in Your Electronic Health Record

Carle Health patients can update their name and gender identity whenever they like through the MyCarle patient portal. Sign up for access at [MyCarle.com](http://MyCarle.com) or download the app to your phone. Once you're in the portal, navigate to Account Settings arrow-right Personal Information.

## For Family Members and Loved Ones of People Who Are Gender Diverse

For those with a loved one who's transgender or gender diverse, this can be a confusing and challenging change to your life and to the lives of those around you. Many loved ones of people who are gender diverse experience emotions such as shock, grief or even anger. It's normal to feel confused and conflicted at the loss of your loved one's previous identity while adjusting to their new one.

Carle Health and the therapists listed in this directory would be glad to help you work through these feelings, which can allow you to more fully accept the new identity of your loved one. You can also speak to your primary care provider about a referral to Carle Health Behavioral Health Services, or speak to a social worker in your primary care provider's office to get connected to a local therapist.

## Suicide/Mental Health Hotline

**Call, text or chat the number 988.** This three-digit number gives you (or your loved ones) 24/7 access to trained crisis counselors who can help people experiencing suicidal, substance use and/or mental health crises – or any other kind of emotional distress. People can also dial 988 if they're worried about a loved one who may need crisis support.

988 doesn't send a person's geolocation to police or EMS. If someone's life is in immediate danger, call 911.

### **Financial Information**

You're encouraged to contact your insurance company to verify coverage before your scheduled visits. At any time, you can get an estimate of future services at Carle Health by contacting Patient Financial Services at (888) 712-2753, by visiting one of our Patient Financial Services locations or by using our online tool. Visit [carle.org/patients-visitors](https://carle.org/patients-visitors) for more information.

### **Certification Letters for Surgery**

To authorize a gender-affirming surgery, insurance companies usually require letters of support from a hormone prescriber and one or two mental health providers. Providers listed in this directory can help with these letters. The large regional centers in Chicago, St. Louis and Iowa City may also ask for letters before scheduling a surgery consultation.

### **We listen.**

We want to resolve any issues or pass along kudos as quickly as we can. If you have concerns or compliments about the care you receive through Carle Health, please contact Carle Health Patient Relations.

In the Bloomington-Normal, Champaign-Urbana and Olney areas, call (217) 326-8560 or (855) 665-8252 (toll free), or email [Patient.Relations@carle.com](mailto:Patient.Relations@carle.com).

In the Greater Peoria area, call (309) 672-5529 or email [Patient.Advocates@carle.com](mailto:Patient.Advocates@carle.com).

## DISCRIMINATION IS AGAINST THE LAW.

Carle Health complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Carle Health does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Carle Health provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (*large print, audio, accessible electronic formats*)

Carle Health provides free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages.

If you need these services, contact Carle interpreter services at (217) 326-0340.

If you believe that Carle Health has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Carle Patient Relations at (217) 326-8560 or toll free (855) 665-8252, by email at [patient.relations@carle.com](mailto:patient.relations@carle.com) or by mail at Carle Health, Attention: Patient Relations, 611 W. Park Street, Urbana, IL 61801. If you need help filing a grievance, Patient Relations is available to help you, M-F 8am-5pm. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue, SW Room 509F, HHH Building, Washington, D.C. 20201, (800) 368-1019 or (800) 537-7697 (TDD). Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
